PUBLIC SCHOOL

Dear Parents/Carers

Schools need a wellbeing leader: Sun Herald November 17 2019

Parents may have read a short article in Sunday's paper about the importance of having a coordinated wellbeing approach for the prevention and early detection of mental health issues of students. They gave the example of a program at St Catherine's, an Anglican girls school at Waverley. Oakhill Drive Public School has had a coordinated strategically applied wellbeing program based on positive psychology for several years. Our wellbeing program is taught explicitly by our classroom teachers and is integrated across Key Learning Areas. Our students are taught about and identify their character strengths, a growth mindset, healthy relationships and goal setting. We give our students "a toolkit for resilience, that hopefully helps prevent mental ill-health" that Daisy Turnbull Brown, Director of Wellbeing, St Catherine's refers to.

World Vision Sponsorship

Our school community is showing kindness by giving to others. Last week we held a mufti day to raise funds towards our sponsorship of Richard, our World Vision child. Our students raised close to \$800. These funds not only support Richard, but his whole community. In addition, the SRC is making up a care package to send to Richard's school. His community has requested Maths resources, which will benefit the school. In the spirit of having fun, we had a Year 6 students verse teachers tug-o-war. Teachers were thrashed on several occasions, much to the delight of Year 6 and the other students.

Performing at the Anglican Retirement Village

Our Stage 2 and Stage 3 choirs and String and Brass Ensembles were scheduled to perform at the ARV this morning. The plan was that our students would walk up the road. However, as the morning unfolded, the smoke clouds grew thicker and thicker. Rather than walking, we were able to hire busses at very short notice, who transported our students. Our notes to families indicated our expectation around uniform for this performance. Pleasingly, most students had read the note. It remains the responsibility of each family to read and return notes to the school. We are unable to allow students to attend an event outside of school, without permission notes. Some students were disappointed this morning, when they were told they couldn't attend. We are unable to call every parent on the morning of an event to chase up permission.

Parent Volunteers in our Classrooms

Our teachers' welcome parents to assist in their classrooms to support learning. Especially so, with our younger students as they grow their independence. This is an important partnership between the school

and parents. The research says that schools which promote partnerships with parents achieve better student outcomes. We thank all the parent helpers who support our students. With this position comes great responsibility and trust. Parent volunteers are reminded about the importance of confidentiality and to suppress judgement about student performance and behaviours they observe. It is not the responsibility of parent volunteers to communicate with parents about their child or to make comments to parents about other people's children. As most of the volunteering occurs in K-2 classrooms, we are talking about children who are at the beginning of their learning journey. They deserve to be shown respect. Whilst our teachers have addressed the matter with individual volunteers, I feel compelled to mention it in the newsletter as well.

Safety for All:

Returning to School from Injury

Parents of students returning to school in casts, boots, crutches, slings etc must inform the school prior to coming to school. An appointment is required with one of the deputy principals, who will develop a risk assessment. This is to ensure the safety of the injured child in our classrooms, playground and during sport activities. Please do not send your child to school without having contacted us.

Safe Behaviour in Bathrooms

Some students like to play games in the toilets such as hide and seek, chasing etc. As a result of these chasing games doors are slammed. I have spoken with our students about my concern that a finger will get slammed and seriously hurt or that a door will bounce back quickly and hit someone in the head or face. Please help us, help your child to understand that the toilets are not part of the playground and no games are to be played in these spaces.

Sun Safety

With the warmer weather here, I remind parents and students, that students must wear their hat to school daily. Students who do not have a hat are restricted to play in the shade only. This generally being the COLA. Parents and carers may also consider applying block out to children at home. Children may bring their own block out to school to reapply, however they need to be taught how to do this by you and they can't share their block out with other children.

Child Minding

Our staff volunteer to mind students, waiting for the bus after school on a daily basis. This is not an expectation of the Department of Education. All students waiting for the bus or their parent to pick them up must walk directly to the basketball steps and wait with the teacher. Please ensure that your child understands this instruction. **For their safety, we cannot have children waiting all over the school to be picked up.** I thank you in advance for understanding this important message.

Semester 2 Reports

Our teachers are currently preparing to write end of year reports for you. These will be available from Tuesday 10 December on the parent portal. You will also have access to your child's class and band award records on the portal. Parents who wish to speak directly with the class teacher regarding their child's progress before the end of the year are welcomed to make contact, via the school office, to schedule a mutually agreeable time.

Planning for 2020

Planning for 2020 is well underway and as always it is critical that we receive information to assist us in this process. **If you are planning on withdrawing your child/ren from the school at the end of this year, you must advise us in writing now. Also, please advise us in writing, if your child/ren will be late to start the new school year.** It is a government requirement that we are informed of the school your children will be attending in the future. Also, if you have a child beginning Kindergarten next year or know of a neighbour with a child starting school, please ensure the school office is contacted regarding enrolment.

Wellbeing – LEARN IT, LIVE IT, TEACH IT!
Quality Relationships and Wellbeing

Bushfires! Climate change! Drought! Political unrest!

Are your children worried about these events? Are they feeling anxious or stressed that something may happen to them or to people they know?

At Oakhill Drive Public School, we teach children ways to think optimistically, while also realistically. We also discuss how easy it is to catastrophise about a stressful situation and ways to put things in perspective.

SPECIAL REPORT

Eco-Anxiety

Given the huge media coverage of recent environmental events, SCHOOLTV has put out a special report that discusses the impact of these things on young people and how parents can support students with these worries. Please read the information below and I urge you to click on the link to learn more.

SchoolTV: Eco-anxiety

The media coverage of climate change activist, Greta Thunberg, not only helped raise awareness of this issue, but it has also instilled fear in many young people. Children around the world are feeling overwhelmed by the magnitude of the issue. They are getting caught up in a doomsday scenario and collective hysteria that is causing, what is now termed as 'eco-anxiety'.

Anecdotal reports suggest that children of all ages, even pre-schoolers, are being treated for eco-anxiety by healthcare professionals and psychologists fear that this may lead to a learned helplessness or hopelessness.

As parents and care-givers, it is important to understand how best to diffuse a child's anxiety relating to impending environmental disasters. Discussing the known facts and instilling hope will give children a clear vision for a positive future. Reassurance about what countries and individuals are doing, and what you can do as a family, will go towards helping curb the effects of eco-anxiety.

In this Special Report, parents and care givers will be provided with strategies on how to approach conversations on environmental issues that are age appropriate. We hope you take time to reflect on the information offered in this Special Report, and as always, we welcome your feedback.

If you do have any concerns about the wellbeing of your child, please contact the school for further information or seek medical or professional help.

Wellbeing Factsheets

Topics available in the office foyer include anxiety, positive peer relationships, positive parenting, step/blended families and resilience. Most of these topics link to the learning our students are engaged in during wellbeing lessons this term.

Please drop in and take factsheets that may interest you or be relevant to your family. All factsheets are compiled by creditable organisations.

Wellbeing Wednesday

At the end of each year, Oakhill Drive Public School celebrates our year of learning about wellbeing and relationships on Wellbeing Wednesday. This year, Wellbeing Wednesday will be held on Wednesday 11

December and will include many different activities related to the topics discussed during the year. More information about the day will follow.

Many parents will remember that last year, on Wellbeing Wednesday, the school asked for donations of toys to be given to children who are less fortunate. The response was overwhelming and the Salvation Army greatly appreciated the generosity of our families. Importantly, Oakhill Drive children also found enjoyment in giving to others.

This year, we will be having a **'Food for the Farmers'** appeal. In preparation for this, we need boxes to pack the food, which will be all non-perishable items. The best boxes are the strong banana boxes from supermarkets and fruit and vegetable shops, however any sturdy boxes are appropriated. We ask that parents start collecting any suitable boxes to be brought to school closer to the date of our appeal. Thank you for your support. Let's show the farmers how much Oakhill Drive cares!

Parent Portal

At this time of the year, teachers are busy writing student reports. These will be available on the Parent Portal at the end of the term. Please take a moment to check your access to the portal at this time, so that any concerns can be addressed well before reports are available. New families to the school will need to register on the portal to gain access. The Portal also shows a record of the awards that your child has received during their time at Oakhill Drive Public School. I urge all parents to check their access now, rather than at the end of the term. Please contact me if you have any concerns via email at helen.paris@det.nsw.edu.au

New School Song Update

We would like to thank the students, families and teachers who entered the 'New School Song' Writing Competition. The panel consisting of myself, Mrs Ploeg, Mrs Wilson (Vice President of the P & C), Caleb C (5/6M student and school leader), Rita L (5/6M student) and Jackson S (5/6M student) all met to listen to the words that went to the proposed tune of 'King of Anything' by Sara Berielles. We came to a unanimous decision that the winners of the competition are;

Mrs Carol Pease (Stage 1 teacher at Oakhill Drive Public School)
Jodie and Faith S (Oakhill Drive Public School student from 2S and their parent).

As it was hard to decide between the two songs, the panel decided we would amalgamate the words from both. Congratulations to our winners!

Where to Next?

The senior choir have begun practising the song with Miss Chamberlain. The choir will perform our new school song at our Presentation Assembly on Monday 9 December.

Our Vision for Next Year

Throughout Term 1 in 2020, all staff and students will learn the new song through specially prepared workshops and lessons led by Miss Chamberlain. The concert band will also learn the tune in the new year, so they too can play the new school song on special school occasions. We are very excited about this.
